Your Gateway to Success!

In York Region, Winter (December to February or later) tends to have much shorter days, and there will be cold temperatures with frequent snowstorms. Listen for weather warnings. Getting caught in cold weather when you have not dressed appropriately can be dangerous.

Although it may be cold outside, but that shouldn't stop you from getting out and having fun! If you're in the York region, there are plenty of fun outdoor activities you can take part in.
